Christian Emphasis: Christ is the central theme in all our classes and activities. For example, if you are in Biology class you will hear how Christ created the world, in Physical Education; you will hear how Christ created our bodies, etc. We want each student to feel comfortable with the idea that Jesus Christ will be an important aspect of all parts of education. As part of our religious emphasis, religion classes, assemblies and week of prayer meetings are required of all students. Attendance is expected and taken at all these meetings.
